- MySQL

- HTML5
- CSS3
- Sass
- jQuery
- Bootstrap
- PHP

- Laravel
- Shopify
- Figma

EDUCATION

Bachelor Degree in Philosophy

MPhil Program in Analytic Philosophy

SUMMARY

From the moment I was able to finish my first project, I knew I was hooked into the world of web development. Web development has never been "just a passion" for me. It has offered an engaging challenge to continuously learn and improve my skills in creating better websites or web apps.

What started with just a curiosity of building something has become a full-fledged passion that only makes me more interested as the years go by.
